## **Group 10-Year Level Term Life Insurance**

## **Reasons ASME Members** "Lock In" This Exclusive **Member Benefit**

- Rates "lock in" for 10 years. There are no annual premium increases.
- 2. Benefits "lock in" for 10 years. Your benefit levels do not go down just because you get older.
- 3 Specially negotiated group rates with additional volume discounts make this coverage an exceptional value.
- **4.** Gives you the option of requesting coverage for your spouse and children as well.
- **5.** Can be an ideal supplement to any other coverage you already have.
- **6.** Benefits are paid on a tax-free basis in most cases.
- **7.** 30-DAY NO-RISK FREE LOOK.

## Who can request this exclusive **ASME** member benefit option?

You can request a coverage amount from \$100,000.00 up to \$2,000,000.00 (in \$10,000.00 units) under this important policy as an ASME member under age 65. You can also request coverage for your lawful spouse under age 65 for the same coverage amounts, not to exceed 100% of member's coverage and for your unmarried dependent children ages 14 days through 22 years (24 if a full-time student) a \$10,000.00 benefit. In order to become insured, satisfactory evidence of insurability must be provided and the required premium must be paid.

A dependent who is also a member is eligible for either member or dependent coverage, but not both.

If both member and spouse are covered as members, neither may insure the other as spouse, and only one may insure any eligible children.

This coverage is available only for residents of the United States (except territories) and Puerto Rico.

The total amount of coverage an individual may have under all group life insurance policies underwritten by New York Life Insurance Company may not exceed \$2,000,000.00. In addition, the total amount of coverage an individual may have under all group policies issued by New York Life Insurance Company to the Trustee of the ASME Life Insurance may not exceed the maximum benefit option for any insured person.

#### **Double Lock-In Benefits**

### What do "Double Lock-In Benefits" mean?

In a nutshell, the double lock-in benefits offered through the ASME Group 10-Year Level Term Life Insurance give you valuable peace of mind—for your wallet and for your family's financial future.

First, once your coverage is approved, your group rates "lock in" for the entire 10-year term of coverage. Your premium on Day 1 will be the same premium for the 10th year of this coverage. That makes budgeting easy.

Plus, you have options to continue your coverage after 10 years if you'd like. (See "What happens after 10 years?" later in this brochure.)

### **QUESTIONS?**

# What do "Double Lock-In Benefits" mean? (Cont'd.)

Secondly, unlike annually renewable term life insurance (the type so often featured on Internet websites), your ASME benefit levels also "lock in" for the entire time you're insured.

There are no frustrating benefit decreases just because you had another birthday. The benefit level you set up on the first day of your coverage will remain in full force.

## Specially Negotiated Group Rates Help Hold Costs Down For ASME Members

## How do the rates compare with other level term life insurance?

Like other ASME-endorsed programs, ASME members have the advantage of specially negotiated group rates in this important ASME member benefit. Those group rates are often lower than you may find on your own through an insurance agent or through an employer insurance. In addition, this ASME policy delivers extra value with significant volume discounts:

- For coverage amounts between \$250,000.00 and \$490,000.00 you'll receive a volume discount.
- Plus, if you request coverage of \$500,000.00 or more, an even bigger volume discount takes effect.

(See the rates shown on the next page for more details.)

### Premium Credits Help Reduce Your Cost

A money-saving feature of the ASME Level Term Life Insurance is the opportunity to receive a premium credit. Premium credits reduce the total cost of insurance by 10 percent. The premium credit is currently in effect through April 30, 2025. And in the future, if experience warrants, the Trustee may continue to grant premium credits that can reduce your cost to renew coverage. Although not promised or guaranteed, this premium credit was granted in 2019.

#### **No Exclusions**

Benefits will be paid in the event of death ... anywhere in the world ... regardless of cause. The validity of any amount of your insurance that has been in force for two years during your lifetime will not be contested except for insurance eligibility provisions or nonpayment of premium contributions.

#### **Your Choice of Beneficiary**

You may select any person, persons, trust or other legal entity as your beneficiary. You are the automatic beneficiary for dependent insurance as described in the Certificate of Insurance. If you want to name another beneficiary for spouse or child insurance, please contact the plan administrator.

## **30-Day Free Look**

When your coverage is approved, you will be sent a Certificate of Insurance. Look it over for a full 30 days.

If you're not completely satisfied with the terms of your Certificate, you may return it without claim within those 30 days. Your coverage will be invalidated and you will receive a full refund—no questions asked!

## An Important Option If You're Facing A Serious Illness

The Living Benefit or "Accelerated Death Benefit" provides ASME members with the option to have a portion of a terminally ill insured's life insurance benefit paid while he/she is still alive.

Use the money paid under this feature however you see fit. To help pay medical bills. To help preserve your savings and assets. To help maintain your quality of life.

To qualify for this benefit, a person must be insured under this policy and diagnosed as having a life expectancy of 12 months or less. Proof of terminal illness will consist of a statement from a doctor and any other medical information New York Life Insurance Company deems necessary to confirm the person's status.

You can request payment equal to 50 percent of a qualified terminally ill person's in-force coverage. The request must be made at least 12 months prior to that person's scheduled coverage termination age, and the amount payable after the insured's death will be reduced by this payment. (Premium contributions will not be reduced.) Note: An insured will be eligible for only one terminal illness benefit during his/her lifetime.

Please note that receipt of this benefit may affect your eligibility for public assistance programs and may be taxable. You may wish to consult the appropriate social services agency and a qualified tax advisor about how this may affect your personal situation.

See next page for specially negotiated group rates & volume discounts

<sup>†</sup> Payable quarterly, semiannually, annually or via monthly Electronic Funds Transfer

The current annual premium contribution for all eligible children is \$6.60 (\$5.94 with the 10% premium credit) for \$10,000.00 of life insurance. Rates may vary due to rounding.

Note: Premiums are guaranteed to remain level for the first 10 years of coverage. Then, if still eligible, you may reapply for 10-year level rates in effect for a subsequent 10-year term; rates for the subsequent term would be determined based on your then-current age, health and tobacco/nicotine use status and guaranteed for 10 years. If you're not approved for a subsequent 10-year term of guaranteed rates, or do not apply for a subsequent 10-year term, coverage will continue in force on a nonquaranteed rate basis with increasing premiums as the insured ages.

<sup>\*</sup> Male rates apply to all coverage issued to Montana residents, regardless of a person's sex.

<sup>\*\*</sup> The premium credit is currently in effect through 4/30/25.

#### What Happens After 10 Years?

After you have been covered for 10 years, you have the option to reapply for a subsequent 10-year term of coverage as long as you're under age 65 and otherwise eligible.

If your application for an additional 10-year term of guaranteed rates is approved, your premium contribution will be based upon the insured person's age, health and tobacco/nicotine use status at the time coverage becomes effective and will be guaranteed for a new 10-year term.

If you or your spouse are not approved for a subsequent 10 year term or you do not apply for a subsequent 10-year term, your coverage will continue in force on a nonguaranteed rate basis, where premium contributions increase annually as the insured ages.

#### **Effective Date**

Your coverage will take effect on the date your application is approved by New York Life Insurance Company as long as your first premium payment is paid within 31 days after the date you are billed (send no money now) and any person to be insured is performing the normal activities of a person in good health of like age on the date of approval. Insurance for any person who is not performing his/her normal activities as required on the date insurance would otherwise have taken effect will not become insured until the day he/she is performing such activities; provided such date is within three months of the date insurance would otherwise have taken effect and the person is still eligible. Dependent insurance will not take effect unless the member is insured on a premium-paying basis.

Note: Residents of NC: Any reference to "performing normal activities of a person in good health of like age" is replaced by the requirement that the health state of any proposed insured person remains the same as stated in your application.

#### When Coverage Ends

Coverage will stay in full force until you or your spouse reach age 75 (23 for children or 25 for children who are full-time students) unless you do not remain an active member in good standing of ASME, premium payments are not paid when due, the group policy is terminated or modified by the policyholder to end insurance for the group of insureds to which you belong, or the insured person requests to terminate insurance. In addition, dependent coverage will terminate when the dependent spouse or child ceases to be an eligible dependent (although an insured spouse's coverage will not terminate until the end of his/her initial 10-year period). Upon your death, coverage for your insured dependents may continue as described in the Certificate of Insurance.
